We treat personal data confidentially and according to legal data protection regulations. The following applies to personal data of persons who work for our business partners.

3 CATEGORIES OF PERSONAL DATA

We process personal data that is related to the establishment of the contract or the pre-contractual measures. This can be general data about yourself or persons in your company (name, address, contact details, etc.), as well as other data that you transmit to us as part of the establishment of a contractual relationship.

In the context of business relationships, we process the following personal data:

- Business contact details of natural persons who work for our business partner (name, official telephone number and e-mail address) as well as
- The position of such persons in the company of our business partner (e. g. managing director, quality management, commercial manager) and the relationship of the person to ELAC SONAR.

4 PURPOSES AND LEGAL BASIS OF DATA PROCESSING

We collect and process this data so that we can contact the responsible persons on part of our business partner in the context of business relationships in order to execute contracts and / or initiate new contractual relationships.

We collect and process data that is necessary to comply with legal requirements, existing and self-imposed obligations to conduct compliance screenings (e.g. to prevent resp. detect white-collar crime or money laundering), as well as to comply with policies that are necessary to meet our regulatory and legal obligations.

We process your personal data in accordance with the provisions of the GDPR and the Federal Data Protection Act (Bundesdatenschutzgesetz BDSG) as far as these are necessary for the establishment, implementation and fulfilment of a contract and for the implementation of pre-contractual measures. Insofar as the provision of personal data is required for the initiation or implementation of a contractual relationship or in the context of pre-contractual measures, processing according to art. 6 para 1 lit b GDPR is legal.

If you give us your explicit consent for the processing of personal data for certain purposes (e. g. disclosure to third parties, evaluation for marketing purposes or advertising), the legality of this processing is based on your consent in accordance with art. 6 para. 1 lit a GDPR. Consent that has been given can be withdrawn at any time with future effect (see No. 9 of this data protection information).

If necessary and legally permissible, we process your data beyond the actual contractual purposes to fulfil legal obligations according to Art. 6 para. 1 lit c GDPR. In addition, processing takes place to safeguard our legitimate interests or those of third parties in accordance with Art. 6 para. 1 lit f GDPR. If applicable, we will inform you separately specifying the legitimate interest, insofar as this is required by law.

5 DURATION OF DATA STORAGE

If necessary, we process and store your personal data for the duration of our business relationship and to fulfil contractual purposes. This includes amongst other things also the initiation and execution of a contract.

We delete the personal data as soon as we become aware that the relevant natural person has left the company of our business partner, unless we are subject to various storage and documentation obligations. These can, amongst others, result from the Commercial Code and the General Tax Code. The mandatory periods for storage and documentation amount to two to ten years.

After all, the storage period is also based on the statutory limitation periods, e. g. according to §§ 195 ff of the German Code of Civil Law it is usually three years but in certain cases it can be up to 30 years.

6 NO AUTOMATED DECISION-MAKING

In principle we do not use fully automated decision-making to establish, fulfil or implement the business relationship or for pre-contractual measures according to Art. 22 GDPR. Should we use these procedures in individual cases, we will inform you of this separately, respectively obtain your consent if this is required by law.

7 RECIPIENTS OF PERSONAL DATA

Within our company, we only pass on your personal data to those departments and persons who require this data to fulfil contractual and legal obligations or to implement our legitimate interests.

We can pass on your personal data to affiliated companies to the extent that this is permissible within the framework of the purposes and legal bases set out in No. 4 of this data protection information.

Otherwise, data will be passed on to recipients outside the company only if this is permitted or required by law, if the transfer is necessary for processing and thus for the fulfilment of the contract, or for the implementation of pre-contractual measures at your request, if we have your consent, or if we are authorised to provide information. Under these conditions, recipients of personal data may be, for example:

- Public bodies and institutions (e.g. supervisory authorities, tax office)
- Recipients to whom the disclosure is directly required for the purpose of establishing or fulfilling the contract (e.g. L-3 Technologies, Inc. Ocean Systems Division, Sylmar, CA 91342, 15825 Roxford Street)
- Other data recipients for whom you have given us your consent

A transfer to a third country is not intended.

Personal data will only be transferred to countries outside the European Economic Area or to an international organisation if this is necessary for processing and thus for the fulfilment of the contract or, at your request, for the implementation of pre-contractual measures, if the transfer is required by law or if you have given us your consent. In such cases, the recipients may include, among others, L-3 Technologies, Inc. Ocean Systems Division, Sylmar, CA 91342, 15825 Roxford Street, in the context of end-user certificates for export licences.

8 YOUR RIGHTS

In accordance with the relevant provisions of the GDPR, every data subject has the right of access under Art. 15 GDPR, the right to rectification under Art. 16 GDPR, the right to erasure under Art. 17 GDPR, the right to restriction of processing under Art. 18 GDPR, the right of notification under Art. 19 GDPR and the right to data portability under Art. 20 GDPR.

In addition, you have the right to lodge a complaint with a supervisory authority under Art. 77 GDPR if you believe that your personal data is not being processed lawfully. The right to lodge a complaint with a supervisory authority persists without prejudice to any other administrative or judicial remedy.

If the processing of data is based on your consent, you are entitled to withdraw your consent to the use of your personal data at any time in accordance with Art. 7 GDPR. Please note that the withdrawal is only effective in the future. Processing that took place before the withdrawal is not affected. Please also note that we may have to retain certain data for a certain

period of time in order to fulfil legal requirements (see No. 5 of this data protection information).

9 RIGHT TO OBJECT (ART. 21 GDPR)

Insofar as the processing of your personal data pursuant to Art. 6 para. 1 lit. f GDPR is necessary for the purpose to protect legitimate interests, you have the right pursuant to Art. 21 GDPR to object to the processing of this data at any time on grounds relating to your particular situation. We will then no longer process this personal data unless we can demonstrate compelling legitimate grounds for processing. These must outweigh your interests, rights and freedoms, or the processing must serve to assert, exercise or defend legal claims.

You are welcome to contact us to protect your rights.

10 NECESSITY OF THE PROVISION OF PERSONAL DATA

As a rule, the provision of personal data to justify, implement, fulfil contracts with or to carry out pre-contractual measures is neither required by law nor by contract. You are therefore not obliged to provide any personal data. Please note, however, that this information is generally required for the decision on the conclusion of a contract, the fulfilment of a contract or for pre-contractual measures. If you do not provide us with personal data, we may not be able to make a decision within the scope of contractual measures. We recommend that you only ever provide personal data that is necessary for the conclusion of a contract, the fulfilment of a contract or for pre-contractual measures.
